## BARBER SHOP TO MOVE.

The barber shop belonging to Palasota and Patronello on Main street will move about the first of the coming month. These gentlemen have leased the portion of the Dunn & Daly building formerly occupied by R. M. Vick as a confectionery store and the work of remodeling this place for the new occupants has begun. A concrete floor will be placed in the building and it will be fitted up for a first class shop. Mr. W. M. Gregg, who operates a tailor shop in the rear of the shop, will also move with the shop.

## MINNESOTA CAVALRYMEN PASS THROUGH BRYAN.

The south bound H. & T. C. train passing through Bryan yesterday afternoon had attached to it a special car which contained a company of cavalry from Fort Snelling, Minnesota. The boys were about 60 strong and were en route to the Texas-Mexico border to relieve other troops who have been on duty there for the past three months. The boys were in good spirits despite the fact that they had been traveling three days and nights. They all appeared to be happy and one was heard to remark that he hoped they would be able to get over into Mexico and do a little real fighting.

## FOOTBALL OUTLOOK AT B. B. A. ACADEMY

Coach Jackson Has a Very Fine Bunch of Material and Has Them Hard at Practice.

With an ample squad of men, ranging in weight from 140 to 200 pounds, the Bryan Baptist Academy expects to have an excellent football team this season. While practically all the men who will likely make the team are raw recruits, Coach Jackson is of the opinion that he has on the whole as good material for a winning team as can be found in the State if they can be rounded into condition by the time the season opens. The best looking material are heavy weights, but in spite of this fact some of them are developing marvelous speed.

David Foreman of Fort Worth has been elected captain of the team and he is an old timer at the game and with his leadership the team will no doubt develop into a good one, as the entire bunch has confidence in him as a leader. George Henry Lee of Houston has been selected as student manager and is a football man of much experience and is a big asset to the team.

Manager Lee has begun negotiations for a number of games and a few have already been arranged for. However, the schedule is not completed and the announcement of same is not yet ready for publication.

## PRO ELECTION ON IN TARRANT COUNTY

Strenuous Campaign by Prohibitionists Ends Today With Election in Tarrant County.

(By Associated Press)  
Fort Worth, Texas, Sept. 25.—After a campaign which began with the granting of the petition for a prohibition election by the county commissioners' court Sept. 5, voters of Fort Worth are casting ballots to determine whether or not saloons shall continue to operate in Tarrant county. Many speakers for both sides have been holding meetings and today marks the close of one of the most strenuous campaigns on any issue since Tarrant county last voted on this question. The petition on which the election was granted was signed by 1,949 qualified voters. The last prohibition election in Tarrant county was held on April 27, 1907, and at that time prohibition was defeated by a majority of 2,825 votes.

## MEXICAN CHILDREN BARRED FROM SCHOOL

As a Preventive of Disease and to Relieve Crowded Conditions Laredo Takes This Action.

(By Associated Press)  
Laredo, Texas, Sept. 25.—Clinging to health conditions in the interior of Mexico, it has been decided to permit no more children from Nuevo Laredo or the interior to matriculate in the public schools here. Recently there has been a determined effort to prevent infection of children from disease. From time immemorial Mexican children of school age have availed themselves of the privilege of attending the schools of Laredo. These have been not only the children residing in the city temporarily, but many who lived in Nuevo Laredo have daily crossed the bridge and attended the schools of Laredo. As a result the schools have been crowded and in the lower grades even the children of citizens of Laredo have not been able to secure more than half of each daily session. During the past few years many of the private schools of Nuevo Laredo have moved to this side and their pupils number several hundred, as the price of tuition is much lower than that of American private schools. Some of the teachers have attended our public schools and have equipped themselves to teach the lower English courses as well as the elementary and advanced Spanish courses.
